Upcoming Algebra 2

Skills a students needs to understand to prepare for success as an Algebra II student are:

- Must be fluent with math facts
- Should be able to simplify radicals
- Should have a good understanding of adding, subtracting, and multiplying polynomials:
- Should know the exponent rules of algebra
- Should be able to factor polynomials
- Should be able to graph linear functions
- Should be able to solve for variables using multi-step equations

Helpful links for practice of these skills and more:

- [Get ready for Algebra 2 | Math | Khan Academy](#) - print final page showing completion - number of mastery points for each section and turn it in when you come to school. It will count as your first quiz grade.
